INTRODUCTION

In this bewildering world of haste and confusion the average person continues to turn to the family doctor for help in time of trouble. However, in the face of ever increasing demand for the services of the practicing physician, the number of men in private practice is decreasing year by year. In many medical schools throughout the country it is no longer a question of whether a student will go into a specialty but rather which specialty or sub-specialty he intends to follow. The student is so over exposed to specialists and researchers that he gets a distorted outlook on the practice of medicine from which he never recovers. He is so impressed with the recognition the specialists and researchers accord one another that he fails to realize that what is needed today is an application of the basic principles of modern medicine to the masses of people.

The Class of 1947 of the Bowman Gray School of Medicine is proud that a majority of its members are headed for private practice. The physician fathers of two of our members are shown on the following pages to illustrate, in part, the responsibilities of the family doctor.

Others (not shown)

MRS. VIRGINIA McALLISTER, *Obstetrics-Gynecology Nurse* . . . MRS. LUCILLE HARTMAN, *Pediatrics Nurse*.

THE OUT PATIENT DEPARTMENT

The purpose of the Out Patient Department is to provide competent medical examination and treatment on the specialist level for those patients who are unable to afford standard fees, and to admit them to the hospital if they need hospitalization. If they do not need to enter the hospital, proper treatment is recommended to them and to their local doctors. The departmental deficit incurred as the result of this arrangement is supported by the Mothers' Day offering of the North Carolina Baptist Churches.

The clinics are operated by fourth year medical students and the house staff under the supervision of senior consultants. In order to provide both first class medical care for the patients as well as maximum teaching facilities for the students, the number of patients admitted is geared to the demands of the student body.

GRAY *Matter* 1947

BOWMAN GRAY SCHOOL OF MEDICINE
OF WAKE FOREST COLLEGE

Dedication

HERBERT MOFFIT VANN, M.D.

The dedication of an annual is often a difficult task; however, it posed no problem for the members of the Class of 1947. It was their unanimous decision that their friend and counsellor, Dr. Herbert M. Vann, be chosen. His fatherly advice and reassurance during many a difficult period has endeared him to the students.

He was born in Danville, Virginia, the son of a physician. He received his medical education from Wake Forest College and Jefferson Medical College, graduating in 1917. Then, after interning at the Methodist Episcopal Hospital in Brooklyn, he entered the army as a First Lieutenant in the Medical Corps and spent some time in France during the first World War. In 1919 he became Professor of Anatomy in this medical school. Except for one short period of absence on leave, he has held this position for the past 27 years. In 1924 he organized a medical unit of the National Guard, serving as Regimental Surgeon to the 113th Field Artillery, with the rank of Major, until 1939.

Dr. Vann fills an important office at Bowman Gray as Director of Admissions and Registrar. To him belongs much of the credit for the organization and success of the school.

As a teacher one of his outstanding characteristics has been his flexibility of mind. In the training of medical students he deserves credit for the development of an important fundamental principle, the ability to observe accurately and comprehensively.

It is with the greatest pleasure that the student body and the Class of 1947 dedicate this issue of the GRAY MATTER to "the Major."

OF BOWMAN GRAY
SCHOOL OF MEDICINE

The School of Medical Technology of the North Carolina Baptist Hospital and Bowman Gray School of Medicine was approved in 1942 by the American Medical Association. Students are trained in a 12 month course to perform the various chemical, microscopic, and bacteriologic tests used in the diagnosis and treatment of disease. Applicants are admitted upon meeting the requirements set up by the Registry of Medical Technologists of the American Society of Clinical Pathologists.

WHITE *Matter*

NORTH CAROLINA BAPTIST HOSPITAL SCHOOL OF NURSING

Dedication

With great appreciation and gratitude to one who has been friend and teacher to us at the North Carolina Baptist Hospital School of Nursing, we dedicate this issue of *WHITE MATTER* to Miss Miriam Daughtry.

Miss Daughtry received an A.B. degree from Meredith College, following which she taught three years in the high schools of North Carolina.

She received her training at the Pennsylvania University Hospital, and her post-graduate course in Obstetrics at the New York Hospital. After her post-graduate training she was for seven years Instructor and Supervisor at the Eighth Street Lying-In Obstetrical Hospital in Philadelphia.

Since coming to the North Carolina Baptist Hospital in September, 1943, as Assistant Director of Nurses, she has done splendid work among the students as well as in the hospital and state at large.

She resigned her position at this institution in August, 1947, in order that she might be free to assume her duties as Educational Director of Professional Nursing Schools and Treasurer of the North Carolina Board of Nurse Examiners.

WINSTON-SALEM

To the Class of '47 . . .

With sincere appreciation of the trust placed in us by the Physicians, Nurses and Institutions which for more than eighty-eight years we have been privileged to serve, we bespeak for you as you launch upon your careers of service to mankind, the same full share of public confidence and trust which has inspired us to greater efforts all through the years.

May you always "Look up and not down—forward and not backward"—and may your guiding light be "First consideration for others."

YOU CAN NOW GET Better Dry Cleaning

**GETS OUT STUBBORN SPOTS
BETTER PRESSING
NO "DRY CLEANING ODOR"**

There really is a difference in dry cleaning and we are willing to prove it to you. Give us your next dry cleaning job and see how our Sanitone Service gets out stubborn spots . . . more dirt . . . and leaves no telltale dry cleaning odor. Notice the lifelike feel in the fabric of your garments . . . and how the press lasts longer. Don't put up with ordinary dry cleaning when you can get Sanitone Service at no extra cost. Come in with your garments or, if you wish, phone us and we will call for them.
